WINVENT®

FIXED WINLOUVRE®

Aluminium Winlouvre® provide permanent fixed ventilation for squash courts, switch rooms, ventilation ducting and other similar applications. They will not totally exclude entry of wind driven rain. The aluminium Winlouvre® is manufactured from extruded aluminium louvre blades and mounted in an aluminium Winvent® frame. Aluminium Winlouvre® may be supplied with a Fly Screen attached if required.

Clear Air-Flow Area: 44/0.01814m2 : 66/0.06517m2 : 88/0.1379m2 : WC/0.0921m2
 Note: The over shoulder dimension is exact. The point to point dimension is based on the over shoulder dimension and depends on the over shoulder dimension.

FLAT BAR

WINTEC® strives to be a leader in the development and application of appropriate technology for the construction industry. We are the inventors and only official licensed manufacturers of the patented Winblok®, Winvent®, Winslot®, Winstep®, Windeck® and Winbau® systems in South Africa.
